Genesis 5:1-32
The Life-Orienting Power of a Genealogy

Main idea: In Genesis 5, we see five life orienting facts about our world so that we will walk with God and live with our neighbors in unity, humility, and hope.

1. We share the same family pedigree
2. We share the same family past
3. We share the same family purpose
4. We share the same family problem
5. We share the same family promise

Next Week: Genesis 6:1-8
